1. 1. Overview of R-20 regulations. 2. Prior discussion of upcoming regulations. 3. Any other item that may be brought to the notice of the chair.	The chairman presented the syllabus of R20 regulations and discussed with upcoming regulations.	1. The members are suggested some modifications in open electives (Operations Research & Advanced Numerical Methods). 2. The members after analyzing R20 regulations suggested that for all the branches there must be Four papers in upcoming regulations because some important topics are missed in R20 regulations. 3. Out of these Three papers must be common for all branches up to III Semester and the fourth paper must be department specific which should be included in the IV Semester. 4. The experts advised that this information should bring to the notice and discussed in the common board compulsorily and to be implemented so the students will have thorough understanding of their core subjects also.
